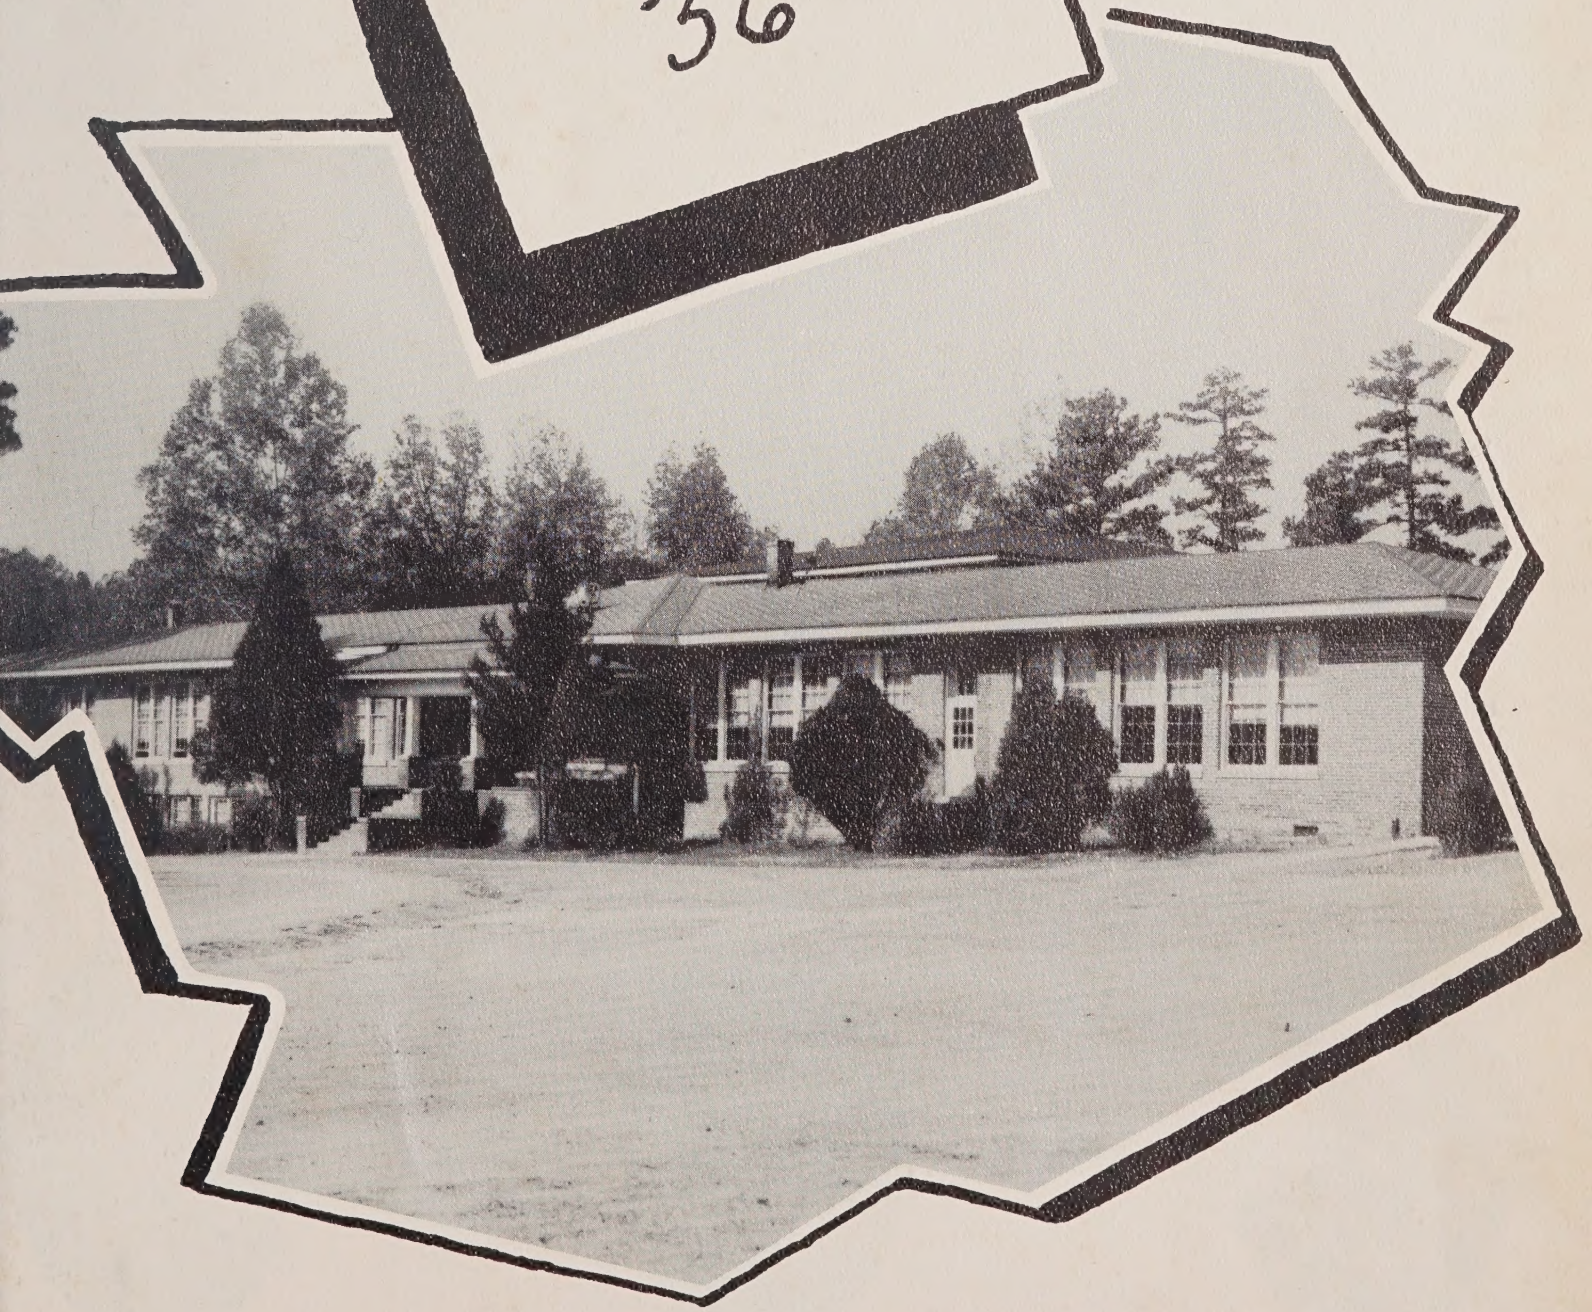
Echoes of '56



Foreword

We, the Annual Staff, are proud to present to you our 1956 Echoes. This book has caught glimpses here and there, so that in years to come the activities of this school year at Moncure High will not be dimmed and will not fade from memory.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '56, we shall be content, knowing that we have done the thing we were called upon to do.

We would like to thank all the faculty, students, and friends who helped us to make this book possible.

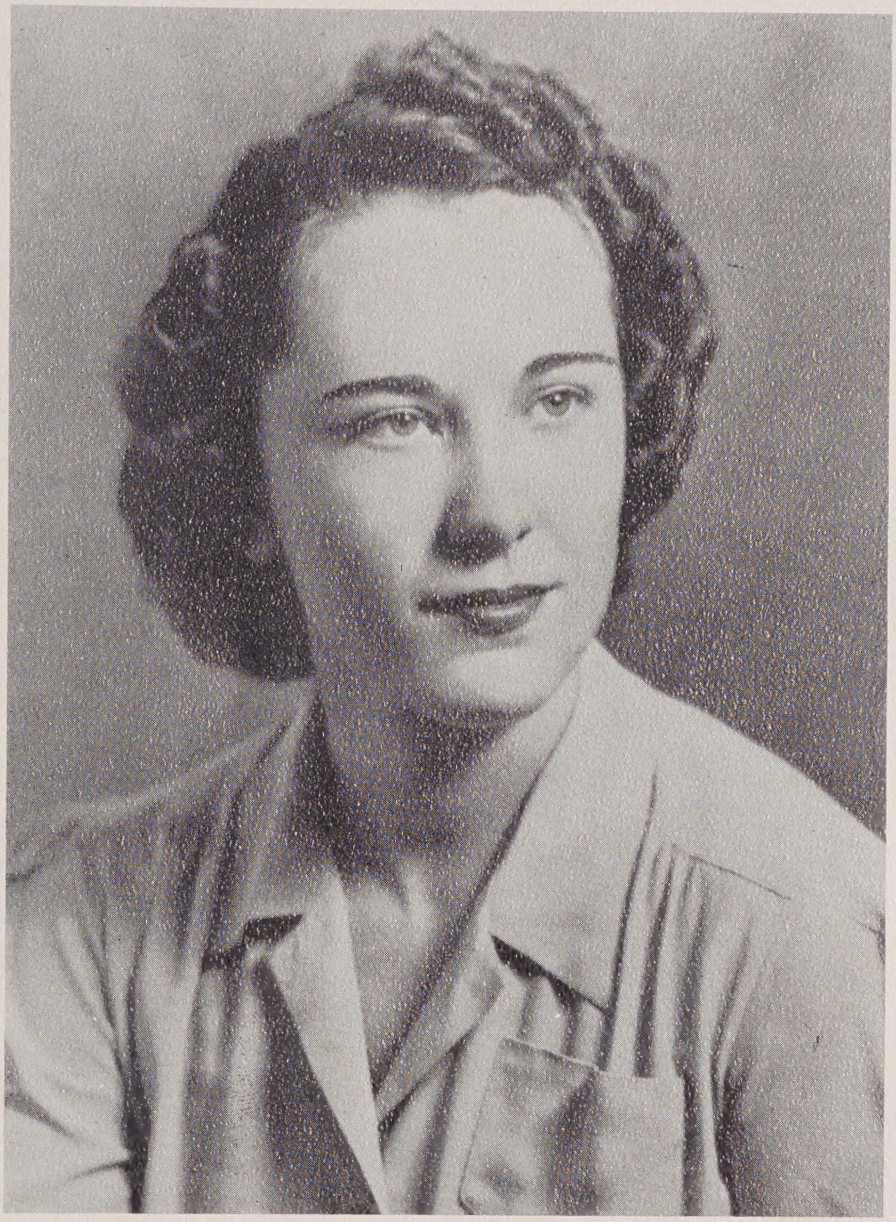
In Memoriam



MRS. DOROTHY STEVENS
1919-1955

There's still a lump in our throats and an ache in our hearts, but we're proud, too. During two wonderful years of her life she was ours --our teacher and friend.

To us, "Mrs. Stevens" is more than a name; it's a legend, beautiful, honored, and true. She didn't have to die to make us realize that she was special. All of us knew that here was a woman in whom were mingled Nature's choicest gifts of personality, integrity, and ability.

To her husband, children, and parents, we offer our sincere sympathy. Please know that we loved her too.

Class Poem

HIGH SCHOOL MEMORIES

When we began our journey
twelve long years ago,
It seemed we'd never make it
time passed, Oh so slow.

But now we stop to wonder
how the years have flown,
It seems so hard to realize
that they are really gone.

Even though we're happy
and proud to reach the goal,
A sadness comes within us
that reaches heart and soul.

It's just the thought of parting
after all these years,
That makes our pleasant memories
slightly dimmed by tears.

But as dear teachers taught us,
we'll face it with a grin,
As we go our separate ways
to start our lives again.

Thoughts of dear old Moncure High
and memories we hold dear,
Will ever be a shining light
to fill our hearts with cheer.

Class Prophecy

The reason why I was chosen to foretell the class prophecy, I do not know. Maybe it's the gypsy in me. I'll gaze into the crystal ball and see what the future holds in store for us, the grand class of 1956.

Turn onward, Turn onward,
Oh time in your flight,
Let me see the graduates of '56
Ten years from tonight.

Jean O'Linger is the wife of Thomas Poe. She claims she's going crazy if he doesn't stay home a little and help take care of their new set of quads.

Well, look who's the patrolman in Moncure now.... J. E. Hearn. His slogan was, "If you can't fight them, join them."

Albert Palmer is in Norfolk with all the other sailors. Not forgetting what a pretty girl he made in our chapel program, he's dressed up to entertain the boys on the ship.

EXTRA! EXTRA! EXTRA! Read all about it. Up to the minute interesting news written by none other than Josephine Harmon, news reporter for the New York Times.

"Take a letter, please," says Henry Dickens who is president of the largest bank in Corinth.

Moncure is really proud of J. W. Dickens. He is a general in the Air Force. Major Sears planned a big parade the last time General Dickens was home. It started at Moncure train station, circled the block, and ended at the Moncure Motor Company.

Well, one of the Moncure students has finally become famous in Hollywood. Jane Russell decided to give someone else a chance, and Lula Holland proudly stepped in.

The girl who is known from coast to coast as one of America's most talented singers is none other than Jackie Seagroves. They loved her in Carnegie Hall, and all the cats think her jazz records are the most.

Wow! Would you believe it? The boy that never had a rattle in his brain has become Mayor of Merry Oaks. Good Luck, Alton!

Margaret Allen and James Ray are living in Chattanooga, Tennessee, now. Her silly actions and his crazy ways have sure made real hillbillies out of what they call a small family of six.

Say, what's this? "Buy your tickets for the greatest show on earth and see the funniest clown in the world, Dan Harrington," Well, all I can say is that it should be exciting, for he got his practice from watching his school teachers, like Mr. Ragan.

Who is this smiling nurse coming out of Room 209 in Duke Hospital? Shirley Stone, of course. She's having a time trying to find enough room for all those men patients, who I think are putting on an act just to get to hold her hand.

Mary Ann Ray was going to be a basketball player but got side tracked into being a concert pianist. Look for her in the current issue of Variety.

Do you believe that ten years will make this come true? Only time will tell!
